Ask parents permission first and only sell when supervised by an approved adult.  
 We do not encourage door to door selling; instead we encourage you to focus your efforts on family and friends. Or parents may want to sell at work.  
 Items in this brochure are easy to sell and make great gift ideas. First ask your parents to purchase an item. Next, ask the neighbors on both sides. Finally ask your aunts/uncles and grandparents.  
 You can easily reach your goal and feel good about supporting your group!
